ISBN : #0309163382 | Date : 2011-06-25

Description :

PDF-14b04 | Aquaculture now supplies half of the seafood and fisheries products consumed worldwide and is gaining international significance as a source of food and income. Future demands for seafood and fisheries products can only be met by expanded aquaculture production. Such production will likely become more intensive and will depend increasingly on nutritious and efficient aquaculture feeds containing i... *Nutrient Requirements of Fish and Shrimp (Animal Nutrition)*
