Description :

PDF-45828 | Those nonhuman beings called "animals" pose philosophical and ethical questions that go to the root not just of what we think but of who we are. Their presence asks: what happens when "the other" can no longer safely be assumed to be human? This collection offers a set of incitements and coordinates for exploring how these issues have been represented in contemporary culture and theory, from Juras... *Zoontologies: The Question Of The Animal*
